NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

In the opinion of the Company, the accompanying unaudited condensed consolidated financial statements prepared in accordance with instructions for Form 10-Q, include all adjustments (consisting only of normal recurring accruals) which are necessary for a fair presentation of the results for the periods presented. Certain information and footnote disclosures normally included in the consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the Company's Annual Report for the year ended December 31, 2017. The balance sheet as of December 31, 2017 was derived from audited consolidated financial statements as of that date. The results of operations for the three months ended March 31, 2018 are not necessarily indicative of the results to be expected for the full year.

The condensed consolidated financial statements include the accounts of HMG/Courtland Properties, Inc. (the "Company") and entities in which the Company owns a majority voting interest or controlling financial interest. All material transactions and balances with consolidated and unconsolidated entities have been eliminated in consolidation or as required under the equity method.

2. RECENT ACCOUNTING PRONOUNCEMENTS

Refer to the consolidated financial statements and footnotes thereto included in the HMG/Courtland Properties, Inc. Annual Report on Form 10-K for the year ended December 31, 2017 for recent accounting pronouncements. The Company does not believe that any recently issued, but not yet effective accounting standards, if currently adopted, will have a material effect on the Company's consolidated financial position, results of operations and cash flows.

3. INVESTMENTS IN MARKETABLE SECURITIES

Investments in marketable securities consist primarily of large capital corporate equity and debt securities in varying industries or issued by government agencies with readily determinable fair values. These securities are stated at market value, as determined by the most recent traded price of each security at the balance sheet date. Consistent with the Company's overall current investment objectives and activities its entire marketable securities portfolio is classified as trading. Accordingly, all unrealized gains (losses) on this portfolio are recorded in income. Included in investments in marketable securities is approximately \$3.08 million and \$2.96 million of large capital real estate investment trusts (REITs) as of March 31, 2018 and December 31, 2017, respectively.

Net realized and unrealized gain from investments in marketable securities for the three months ended March 31, 2018 and 2017 is summarized below:

Description	Three Months Ended March 31,	
	2018	2017
Net realized loss from sales of securities	\$ (8,000)	\$ (18,000)
Unrealized net gain in trading securities	(13,000)	145,000
Total net gain from investments in marketable securities	\$ (21,000)	\$ 127,000

For the three months ended March 31, 2018, net realized losses from sales of marketable securities of approximately \$8,000 consisted of approximately \$29,000 of gross losses net of \$21,000 of gross gains. For the three months ended March 31, 2017, net realized losses from sales of marketable securities of approximately \$18,000 consisted of approximately \$84,000 of gross losses net of \$66,000 of gross gains.

Investment gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net earnings. However, the amount of investment gains or losses on marketable securities for any given period has no predictive value and variations in amount from period to period have no practical analytical value.

4. INVESTMENT IN RESIDENTIAL REAL ESTATE PARTNERSHIP

As previously reported on Form 8-K dated February 20, 2018, JY-TV Associates, LLC, a Florida limited liability company (“JY-TV”) (“Seller”) and an entity one-third owned by HMG, completed the sale of its multi-family residential apartments located in Orlando, Florida pursuant to the previously reported Agreement of Sale (the “Agreement”) to Murano 240, LLC (as per an Assignment and Assumption of Agreement of Sale with Cardone Real Estate Acquisitions, LLC), a Delaware limited liability company and an unrelated entity (“Purchaser”). The final sales price was \$50,150,000 and the sales proceeds were received in cash and payment of outstanding debt. The gain on the sale to HMG is approximately \$5.5, net of the incentive fee. For the three months ended March 31, 2018 JY-TV reported a net income of approximately \$17.9 million, which includes approximately \$18.2 million in gain on sale of property, depreciation and amortization expense of \$402,000, interest expense of \$159,000 and write-off of certain prepaid and other assets upon the sale of property of approximately \$147,000. The Company’s portion of JY-TV’s net income is approximately \$5.9 million (\$144,000 of loss from operations and \$6.1 million in gain on sale of property (before the incentive fee). JY-TV made distributions totaling \$21.75 million in February 2018. The Company’s portion of those distributions was \$7.25 million. Final accounting and distribution from JY-TV is expected before the end of fiscal 2018.

For the three months ended March 31, 2017 JY-TV reported a net loss of approximately \$352,000, which includes depreciation and amortization expense of \$388,000 and interest expense of \$317,000. The Company’s portion of that loss is approximately \$117,000. In March 2017, JY-TV distributed \$390,000 to its members. The Company’s portion of that distribution was \$130,000.

5. OTHER INVESTMENTS

As of March 31, 2018, the Company’s portfolio of other investments had an aggregate carrying value of approximately \$6.1 million and we have committed to fund approximately \$2.1 million as required by agreements with the investees. The carrying value of these investments is equal to contributions less distributions and loss valuation adjustments, if any.

During the three months ended March 31, 2018, we made cash contributions to other investments of approximately \$345,000, consisting of \$270,000 in follow on existing investment commitments and \$75,000 in new investment in partnership owning diversified businesses.

During the three months ended March 31, 2018, we received cash distributions from other investments of approximately \$579,000, including \$404,000 from one investment in a partnership owning rental apartments in San Antonio, Texas which were sold in March 2018 at a gain to the Company of approximately \$105,000. The other distributions were primarily from real estate and related investments. Also, in the first quarter of 2018 the Company’s investments in two private banks experienced mergers with publicly traded larger banks and we received stock in those publicly traded banks plus approximately \$32,000 in cash. The cash portion was recorded as gain from other investments. The bank stock we received from the mergers is being held in our marketable securities portfolio at the carrying value of our original investment in the private banks with an unrealized gain of approximately \$171,000 as of March 31, 2018.

Net income from other investments for the three months ended March 31, 2018 and 2017, is summarized below:

	<u>2018</u>	<u>2017</u>
Partnerships owning real estate & related	\$ 132,000	\$ 104,000
Partnerships owning diversified businesses	15,000	141,000

Total net income from other investments	<u>\$ 218,000</u>	<u>\$ 279,000</u>

The following tables present gross unrealized losses and fair values for those investments that were in an unrealized loss position as of March 31, 2018 and December 31, 2017, aggregated by investment category and the length of time that investments have been in a continuous loss position:

Total	\$ 138,000	\$ (24,000)	\$ -	\$ -	\$ 138,000	\$ (24,000)

When evaluating the investments for other-than-temporary impairment, the Company reviews factors such as the length of time and extent to which fair value has been below cost basis, the financial condition of the issuer and any changes thereto, and the Company's intent to sell, or whether it is more likely than not it will be required to sell, the investment before recovery of the investment's amortized cost basis.

In accordance with ASC Topic 320-10-65, Recognition and Presentation of Other-Than-Temporary Impairments there were no OTTI impairment valuation adjustments for the three months ended March 31, 2018 and 2017.

6. FAIR VALUE OF FINANCIAL INSTRUMENTS

In accordance with ASC Topic 820, the Company measures cash and cash equivalents, marketable debt and equity securities at fair value on a recurring basis. Other investments are measured at fair value on a nonrecurring basis.

The following are the major categories of assets and liabilities measured at fair value on a recurring basis as of March 31, 2018 and December 31, 2017, using quoted prices in active markets for identical assets (Level 1) and significant other observable inputs (Level 2). For the periods presented, there were no major assets measured at fair value on a recurring basis which uses significant unobservable inputs (Level 3):

Assets and liabilities measured at fair value on a recurring basis are summarized below:

Carrying amount is the estimated fair value for corporate debt securities and time deposits based on a market-based approach using observable (Level 2) inputs such as prices of similar assets in active markets.

7. INCOME TAXES

The Company as a qualifying real estate investment trust (“REIT”) distributes its taxable ordinary income to stockholders in conformity with requirements of the Internal Revenue Code and is not required to report deferred items due to its ability to distribute all taxable income. In addition, net operating losses can be carried forward to reduce future taxable income but cannot be carried back.

The Company’s 95%-owned taxable REIT subsidiary, CII, files a separate income tax return and its operations are not included in the REIT’s income tax return.

Distributed capital gains on sales of real estate as they relate to REIT activities are not subject to taxes; however, undistributed capital gains may be subject to corporate tax.

In March 2018, the Company paid a cash dividend of approximately \$2.5 million (or \$2.50 per share) to shareholders of record as of March 21, 2018. The dividend was a capital gain distribution to shareholders. No dividends were declared for the year ended December 31, 2017.

In January 2017, the Company paid a cash dividend of approximately \$501,000 (or \$.50 per share) to shareholders of record as of December 29, 2016. The dividend was a return of capital to shareholders. No dividends were declared for the year ended December 31, 2017.

The Company accounts for income taxes in accordance with ASC Topic 740, “Accounting for Income Taxes.” ASC Topic 740 requires a Company to use the asset and liability method of accounting for income taxes. Under this method, deferred income taxes are recognized for the tax consequences of “temporary differences” by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. The effect on deferred income taxes of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred taxes only pertain to CII. As of March 31, 2018, and December 31, 2017, the Company has recorded a net deferred tax liability of \$111,000 and \$84,000, respectively, primarily as a result of timing differences associated with the carrying value of the investment in affiliate (TGIF) and other investments. CII’s NOL carryover to 2018 is estimated at \$989,000 million and has been fully reserved due to CII historically having tax losses.

The provision for income taxes in the consolidated statements of income consists of the following:

Three months ended March 31,	2018	2017
Current:		
Federal	\$ -	\$ -
State	-	-
	-	-
Deferred:		
Federal	\$ 32,000	\$ 64,000

State	<u>5,000</u>	<u>7,000</u>
	37,000	71,000
Decreased valuation allowance	<u>(10,000)</u>	<u>(71,000)</u>
Total	<u>\$ 27,000</u>	<u>\$ -</u>

The Company follows the provisions of ASC Topic 740-10, "Accounting for Uncertainty in Income Taxes" which clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with ASC Topic 740 and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This topic also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Based on our evaluation, we have concluded that there are no significant uncertain tax positions requiring recognition in our consolidated financial statements. Our evaluation was performed for the tax years ended December 31, 2017. The Company's federal income tax returns since 2014 are subject to examination by the Internal Revenue Service, generally for a period of three years after the returns were filed.

We may from time to time be assessed interest or penalties by major tax jurisdictions, although any such assessments historically have been minimal and immaterial to our financial results. In the event we have received an assessment for interest and/or penalties, it has been classified in the consolidated financial statements as selling, general and administrative expense.
